Dear Ladies,

If you missed the October luncheon, you missed a wonderful fashion show. Thank you to Marie from Steinmart and thank you to our beautiful members who modeled fabulous clothing.

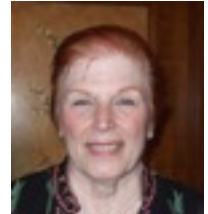

The newcomer tea has been changed from November 10th to November 17th since four members of the board will be working on the Christmas tree for the Festival of Trees. The Tea will be held at Mary Greene's and all members are invited. Please let Mary know if you will be attending.

The November luncheon meeting will be held at Johnnie's Hideaway which was formerly known as Pebbles and is located at the back of the Crossroads Shopping Center. To continue, we will be collecting food for the Second Harvest pantry. Donations should consist of non-perishable food items and boxed tissues, toilet paper, toothpaste etc. You ladies have been very generous in the past and I know that is much appreciated.

If you will be unable to attend the luncheon, have a happy Thanksgiving, and we hope to see you at the December luncheon. REMEMBER - Election day is November 4th. Please remember to vote.

Fondly,

Aurie Bremer, President momaurie@aol.com 352-242-0098, cell 407-456-4329

Long time member KJ Momtaz died in mid October. Sympathy card was sent to Eleanor Prevette on the death of her mother-in-law (just found this out). Volunteers needed at Gift for Teaching and Book Pals. BookPals either read to or with K-2 kids in school or read and write to kids through the mail. Call me or email me for more information. Thanks to those who brought cards to the luncheon. Let me know your news, Ladies. franjwow@gmail.com, 407-226-9880

Computer Tips by Barbara Aboushahba
KEEP YOUR COMPUTER RUNNING at TOP SPEED

1. Have an **antivirus** program running at all times. You can pay for one or get this highly rated one for free: AVAST Go to this website: <http://www.avast.com/> Just make sure you pick the FREE version. Allow **updates** which are free not **upgrades** which cost money. They will occasionally try to upgrade you to a paid version with more features, but the free one should be all you need. You want AVAST to update automatically so that when a new virus comes out, your computer is protected.

2. Use a **Registry Cleaner** occasionally. The Registry is like the index/table of contents for your computer. As you create, delete, and move files as well as install and uninstall programs, the Registry can get really “messy”. A cleaner eliminates out of date info which helps your computer work more quickly. A great free one is CCleaner. Go to this website: <https://www.piriform.com/> You can also use this program to uninstall programs from your computer, to delete junk files from your web browser and computer, and to set the programs that are part of your computer startup so it boots faster. Again, update (free) not upgrade (\$\$).
